If there are no leaks in the brake lines, I generally do not recommend topping off brake fluid. low brake fluid usually means your pads are getting low and all the fluid is in your caliper pistons. if you

top up, the next time you change your pads, the reservoir will over flow and brake fluid will come out everywhere.

Flashing "brake" light- what does it mean? : Audi - reddit

The center brake light, sometimes referred to as the third brake light or stoplight, on your 2006 Audi A4 Quattro lights up when you hit the brake pedal and helps prevent you from being rear ended by the cars behind you. See how to change the center brake light (CBL) on your Audi A4 Quattro in the video above.
