I have the skid warning light permanently on when driving. it is and does not go off when i press ESP off button. - Answered by a verified Audi Mechanic

audi a3 Hi, I have the skid warning light permanently on when...

I've searched the forum for an answer, but can't find what I need. The problem on my 2002 Jetta TDI is an unexpected loss of power. It's hard to say when the power shuts off, but lately it happens after the engine temp reaches normal operating temp 90 C. VERY LITTLE power after that, with extremely slow accelartion - what I do is stop at a red light, turn the car off and on again - most times ...
