### Crusader Engine 454 CID V-8 69879 and Above

Another thread same engine - 1990 454 Crusader - fired up today to hear a loud squeeling sound coming from what appears to be the main water pump ( not the raw water pump ). Recently I had the raw water pump replaced on the same engine. The raw water pump had thrown salt water all over the front of the engine when it broke. It appears the main pump started to squeel shortly thereafter.

Having stalling problems with my 1989 Crusader 454 engine on the starboard side. It starts normally, then when starting under power, seems to lose thrust and stalls. Will usually restart and work normally, but when I shut the motor down to anchor for a bit, I can't restart again. Engine will turn over, but that's it.

I am in the process of buying a 1989 Silverton Express with Crusader 454's. The starboard engine will run fine at no wake speed. Soon as I WOT it over heats. If I bring it back down to no wake speed it comes back down to normal temp. We have checked the impeller and that is fine. There is water flow because I do see water coming out from the ...
