SOLVED: 2005 ford freestyle, check engine, traction - Fixya

I have a 2005 Ford Freestyle that the check engine light and the failsafe engine lights come on when started in the morning. The check engine light remains on, but the failsafe light will go off if the car is shut down and restarted. The car runs "rough" all the time--seems to be surges in power when driving and slower to accelerate from stops.
