History of the third generation Corvette 1968-1982: A brief look at 15 years of corvette production though reference material, factory literature, and personal observations. These are my observations of 15 years of Corvette history. The car grew over the years and the emphasis was more on interior refinements and creature comforts, softer rides and better fuel economy.

The Chronological History of C3 Corvettes 1977 to 1982

The Chevrolet Corvette (C3) was a sports car that was produced by Chevrolet for the 1968 through 1982 model years. Engines and chassis components were mostly carried over from the previous generation, but the body and interior were new. It set new sales records with 53,807 produced for the 1979 model year. The C3 is the third generation of the Chevrolet Corvette, and marks the second time the ...

Chevrolet Corvette (C3) - Wikipedia

The original front emblem and horn button on the "Autorama" show circuit Corvette featured crossed American and checkered flags. It was later discovered that using an American flag on a product trade mark was against the law and the emblem was changed shortly before the New York Motorama.
