Performance Hot rod performance questions and tips. There is a Turbo Engines forum, so this forum should be used for non turbo engines. Check individual-model forums, too!

AF: Allpar Forums

What you will notice is a lack of flow rate information – since this would add a cumbersome volume of material to this story. If there is sufficient demand, we can easily create a Part II and add that material along with descriptions of the differences between high and low impedance injectors and why that's important and how to calculate flow rate with different fuel pressures.
