The video above shows you how to replace the battery in your 2005 Kia Spectra. We recommend changing the battery in Kias every 4 years. Although some batteries last much longer, most batteries begin breaking down chemically after four years, so you could experience dimmer headlights and other negative effects before you have a dead battery in your Spectra that you need to replace.

cliffb, my issue was the same. I have figured out (or guessed) that apparently Kia changed to the FET motor control midway through 2007, but it seems all parts lists everywhere only call out the resistor for a 2007 replacement part; you have to look for a 2008 replacement part, which is the part you came up with.
