### 2007 Pontiac G6 New York NY

The check engine light came on a couple of weeks ago and has been going off and on since. I first thought it was bad gas so I put in a different brand and it went off for a few days and then back on. It seems to go away for awhile if I mess with teh gas cap and then comes back on a few days later. COuld it just be that I need a new gas cap? Thanks.
