Search Engine Parts. Do you hate wasting all your work time running from salvage yard to wrecking yard trying to find a good engine parts? How would you like to let your fingers do the walking instead of your feet?

**Audi 100 Domestic/Import Automotive Parts**

I'm kinda stumped over here. I just got done changing my strut bushings and bearings and the clunking on the driver's side is still there. Sway bar end links don't have any excessive play, axles neither. Could this be control arm bushings? Any other possible problematic pieces in the front end? You've all probably seen this before, here's the before and after of the strut bushings.
