### Model A Garage: Antique Ford Auto Restoration in Luray, VA

The situation was unacceptable to Henry Ford, who decided to retake the tractor industry for the Ford Motor Company. Towards the second part of the 1930's, he commissioned development work on a new model tractor that could replace the Fordson and which could be produced in bulk for the American market.

At the beginning of the 20th century the automobile was a plaything for the rich. Most models were complicated machines that required a chauffeur conversant with its individual mechanical nuances to drive it. Henry Ford was determined to build a simple, reliable and affordable car; a car the average American worker could afford.

### **Henry Ford Changes the World, 1908 - Eyewitness to History**

Henry Ford (July 30, 1863 – April 7, 1947) was an American captain of industry and a business magnate, the founder of the Ford Motor Company, and the sponsor of the development of the assembly line technique of mass production.. Although Ford did not invent the automobile or the assembly line, he developed and manufactured the first automobile that many middle-class Americans could afford.

Ford doesn't offer much in the way of coupes at present – the venerable Mustang pony car and its Shelby variations are the only two-door cars in the lineup. 2015 was a banner year for the Mustang, as the well-known two-door sports car was redesigned. A four-cylinder engine became available for the first time since the 1980s, and the Mustang retained V-6 power and V-8 muscle.
