History. The airport was Roswell Army International Airfield during World War II, and Walker Air Force Base during the Cold War. When it closed it was the largest base of the United States Air Force Strategic Air Command. Roswell International Air Center was developed after the closure of Walker Air Force Base on June 30, 1967.. Walker AFB was named after General Kenneth Newton Walker, a native ...

Roswell International Air Center - Wikipedia

Rail terminology is a form of technical terminology. The difference between the American term railroad and the international term railway (used by the International Union of Railways and English-speaking countries outside the United States) is the most significant difference in rail terminology. There are also others, due to the parallel development of rail transport systems in different parts ...
