While a 2000 Yamaha Motorcycle TTR250 engine rebuild can be daunting, having the right parts can make all the difference. New pistons (piston kit) and piston rings (ring kit) are a great compliment to a freshly machined engine block. Don't forget new camshaft bearings should be part of a good rebuild.

I found a 2000 Bear Tracker 250 2x4 locally for \$800. I don't know anything about the Yamaha machines or this model personally but the condition is decent, all the major mechanicals are good..differential, engine, transmission..etc. Seemed like too good a deal to pass up! I like the design..meaning single cylinder, basic mechanical 5 speed semi-auto with shaft drive.
