The first Sea-Doo jet skis, the serial production of which began in 1988, had virtually no competitors, but not for long. In subsequent years, the struggle of the ancestor against the lingering colleagues (Kawasaki, Polaris, Yamaha, etc.) made aquabikes not only modified, but also get new requirements for the engine and other systems.

2005 RXP IssuesI bought a pair of RXPs from a friend of mine that bought them new and they only

have 80 hours. The first trial run today went well except after letting them sit for 20 minutes one cranked but would not start. I tried wide open throttle and the battery died. I jumped it and started it later on the trailer. On that same RXP the speedo didn't work and neither did the VST.

The two Sea Doo's I own now are the first Sea Doo's I have bought. I got lucky in my opinion. By buying a 2010 and a 2011 I bought skis that have the bugs from the 2008 and older models had. I have learned a TON by reading hundreds and hundreds of posts... VERY best web site there is as far as I am concerned.
