Okay my 2012 Kia Rio won't start sometimes. I'll put the key into the ignition and try to and it won't do anything. I know it's not a bad battery, but all I have to do is take the key out and keep doin it and eventually it will start. And it only does this some days, while other days it's fine. And today it started to do it and my check engine light came on.
